Can we expect Syed Yousaf Raza Gilani as PM Pakistan, a good "shagoon" for wasaib problems to be solved or this would be the case as of Farooq Leghari when he was President Pakistan.

If we talk about Leghari, he calls himself Cheif, Baloch and Pashtoon etc but he never ever called himself a Seraiki Person. In 1988, when Leghari was Federal Minister of Water and Electricity, not a single electricity pole was installed in Seraiki region. During his presidency, you can simply say, he did nothing for seraiki people but badly damaged the Reputation of seraiki people. He betrayed his own party by dismissing PPP government. On the other hand, Yousuf Raza Gillani is a man known for being affable, uncontroversial and so loyal to his party that he spent five years in prison rather than defect to the ruling party. He is source of pride for the Seraiki people. We seraiki people have lot of hopes with our new PM. I think he will work for the uplift of seraiki area.
