---

Aslam-o-Alakum

Before introducing myself I would like to say thanks to Mr. Ijaz Baloch and Farooq Miana Sb. who contacted me personally.

My Name is Muhammad Arshed Iqbal Shirani and belongs to Taunsa Sharif. I am presently working with National Highway Authority and also I have my own business at Taunsa Sharif (Indus Computers). There is nothing else to introduce, but one thing which I would like to share, I think that is honor for me. I am the first man who introduces Internet in Taunsa Sharif.

I appreciate and thankful to Mr. Ijaz Baloch for this great struggle, it's a platform for us.
