
Seraikistan\'s Capitol ?

Respected brothers !

Dear khakwani! I respect your opinions by heart. We all have same mission.(Wasaib means, brothers gathering place). We all are comrades of this noble movement. Everyone knows that misconceptions may exist in any group, sect or league having same goal. There is strong need to resolve some conflicting issues by patience and endurance. But remeber, criticising for criticism can't resolve any thing. You have mentioned a quiet important as well as complicated issue.

"Which district should be the Capitol of future Seraikistan?"

_____My Opinion_____

I have already told a simple formula about Seraikistan's Capitol. I repeat it again in other word "The district, where Seraiki peoples have dense poplution as compared to other districts". You see, it is simple. I may be wrong. Now, i will appreciate your opinion...

_____Your Opinion ?_____

Ijaz Baloch Sahab !

Salam Alekum!

You are doing a great job for Seraiki people.

I congratulate you for building this website as a platform for discussion. I am being volunteer and commrade of Seraiki movment, strongly support your ideas for Seraikistan's movement. I personally request you to organise a poll "Which district should be the Capitol of Seraikistan?" on your website. I hope this poll will help to resolve conflicts among Seraikis about Seraikistan's Capitol.
