Education is the key for prosperity to everyone. We read and talk a lot about deprivation of rights and resources in Seraiki region. It is time to come up with practical approach to motivate youngsters to study by using all means and get technical trades of whatever level they can attain.

We all must make our utmost efforts to come out of illitracy, so that we can play our role in industry, economy, finance and development of our people.

EVERY EDUCATED PERSON MUST TEACH ONE ILLITRATE.
IT IS THE BEST CONTRIBUTION TOWARDS SERAIKI NATION.
