Dear All

We would like to discuss about Current situation of Dera Ismail Khan (NWFP).

Since 2002 D.I.Khan always be in worst situation the major issue is terrorism and sectarian killings (violence) day by day and it's become more critical condition. Through this Forum we would like to inform that the People of Dera Ismail Khan are facing many problems.

Many Educated Families are worried about it and they are migrating to other cities due to sectarian violence, Taliban's pressure and other religious parties as well Nowadays every Derawal is upset because every thing is disturb in D.I.Khan. The following problems like Roads and other pending issues are still incomplete and they all like to get peace and other development projects in Dera The MMA Govt is not focusing.

Earlier when President of Pakistan has come to Dera Ismail Khan he announced many projects like existing Airport of Dera Ismail Khan which is moved to Bannu by MMA Govt that is unfair for Dera Peoples, Dera is the second biggest District of NWFP after Peshawar.

We suggest one and only way of peace in Dera should be declared as CANTT, AREA Like Swat recently.

We appreciate your consideration.
